Wall of Fire

Duluth, Minn., Sept. 11.—Unless a
heavy rain falls in the next 48 hours
the total destruction of every town
on the north shore of Lake Superior
in Cook county, is almost certain.

No rain has fallen in this dis-
trict since July 10, and everything
in the woods is as dry as parch-
ment. This evening the walls of fire
with a heavy land wind behind them,
are eating their way toward the set-
tlements.

Wild-eyed and shaking with fear,
the inhabitants are gathered along
the shore prepared to take to the
lake in small craft should the worst
come. Prayers are being offered by
many for rain.

Within less than two miles of
Grand Marais there is in flames a
tract of spruce and brush over three
miles in length. A strong land breeze
from the northwest is at present
shooting the fire along the outskirts
of the town, giving the village a
lease of life.

Conditions at Pigeon River Indian
reservation, Big Bay, Chicago Bay,
Cascade, Coflon and Nutson are sim-
ilar to those existing at Grand Marais.

MORTGAGES ARE MADE GOOD

Guthrie, Ok., Sept. 11.—In revers-
ing the decision of the United States
district court for the Northern dis-
trict of Indian Territory in the case
of C. M. Keys vs. the First National
bank of Claremore and the Vinita
National bank vs. the First National
bank of Claremore, the supreme court
settled the validity of hundreds of
chattel mortgages on the east side
of the state.

The mortgage in question in those
suits was on a bunch of cattle near
Pryor Creek, and was filed at Musko-
gee when that town was the only re-
cording place in the Northern dis-
trict of Indian Territory. Later the
old Northern district was divided into
the Northern and Western districts,
and Vinita was made the recording
town for the new Northern district.
Still later, the recording districts
were established and Pryor Creek
was made a recording town.

The question at issue was whether
the mortgage had to be re-recorded
at the proper place after both of
these changes in the law. The lower
court decided that it did, but is re-
versed by the supreme court in an
opinion by Justice Kane.

JUDGE ROWE DROPPED DEAD

El Reno, Ok., Sept. 11.—Judge J.
G. Lowe of El Reno dropped dead
while engaged in Masonic work last
night at Piedmont. Lowe was a na-
tive of Rush county, Indiana, and
was born in 1846. He was for many
years a resident of Washington, Kan.,
was a delegate to the National con-
vention which nominated Tilden for
president and a delegate at large to
the convention nominating Cleveland
in 1888. He was twice the nominee
of Kansas democrats for congress.

The funeral, which will take place
Sunday afternoon, will be attended
by State officials and the judges
of several districts of the State.

RICH NEGRO MURDERED.

Shot From Ambush While Riding
Horseback.

Wildcat, Ok., Sept. 1.—Andy Dean,
aged 55, one of the wealthiest negro
farmers in this vicinity, was shot
from his horse and killed from am-
bush, in the Moore creek bottoms
a mile and a half from there last
night, while returning home from
Okmulgee.

Dean had been to Okmulgee yes-
terday on business and was return-
ing home on horseback along the
lonely road leading through the bot-
toms along Moore creek, when shot
down by some unknown assassin, con-
cealed in the brush by the roadside.

So far as known, Dean had had
no differences with anyone and the
cause of the murder is a profound
mystery. The body of the murdered
man was discovered this morning ly-
ing in the dust, a bullet hole through
his body.

Dean was married and had six

children. He was one of the most
successful farmers in Okmulgee coun-
ty and owned two or three finely
improved farms.

The sheriff's office at Okmulgee was
notified this morning and a posse is
now scouring the country near the
scene of the crime, in an effort to
pick up some clue.

The sheriff's office at Muskogee was
also notified and bloodhounds are
now on the way in an effort to trail
the assassin or assassins.

NEGRO BURNED TO DEATH.

Set the Jail on Fire and Could Not
Be Rescued.

Little Rock, Sept. 11.—A special
to the Gazette last night from Du-
mas, Ark., says:

Attempting to break jail by start-
ing a fire which soon spread beyond
his control, a negro named Russell
was this morning burned to death,
besides causing the jail to be de-
stroyed by fire. Upon hearing the
prisoner's frantic cries for help at
about 1:30 o'clock this morning citi-
zens residing in the vicinity of the
jail rushed to the scene, but were
unable to release the prisoner.

OWEN SANGUINE OF SUCCESS

Washington, Sept. 11.—Senator
Robert Lee Owen of Oklahoma, who
is here because of the serious ill-
ness of his mother, is not uneasy
over the result of the election in
Oklahoma.

"The State will give Mr. Bryan a
safe majority," he said. "He is the
most popular man in America in our
Commonwealth. I think his chances
of election are good; much better
than they have been. I have visited
Nebraska recently, and made it a
point to investigate carefully the po-
litical sentiment there. I found that
a great many republicans would
vote for Mr. Bryan. When told by
some democrat that he knew of re-
publicans who intended to vote the
democratic ticket, I invariably asked
the names of these men, in order
to make sure that my democratic
friend was not overenthusiastic, and
invariably he gave the names.

"I believe Mr. Bryan has a good
chance to carry not only Nebraska,
but Indiana, Massachusetts and West
Virginia. The platform is popular
throughout the Middle West. The pro-
vision guaranteeing bank deposits
has worked well in Oklahoma, and
has resulted in many national banks
withdrawing as national organizations
and enrolling under the State bank-
ing act."

Farmers State Bank

Enlarged

The Directors of this Bank take pleasure in making the
announcement to the public that a Savings Department has
been added to the Farmers State Bank. We wish in this
connection to publicly express our appreciation of the confi-
dence which the business and professional men of Ada and
Pontotoc county repose in the management of the bank by
transacting their business through this bank.

But we especially invite the attention of the small de-
positor and those who have no bank account to our Savings
Department. Pay all your bills by check. Have you stopped
to consider the many advantages of transacting business in
this manner? Every check issued by you is returned at the
end of each month and is a receipt for money paid. If you
have only ONE DOLLAR come to this bank and start a bank
account. Small accounts receive the same careful attention
as the larger ones. When you think of a bank, remember
that the only bank in Ada that guarantees every dollar, and

good and sufficient appropriations and then dead-beats the papers of the State out of space to advertise the State and District schools. The newspaper publishers are just as much entitled to pay for their space as the teachers for their time—Ravia Herald.

This is not the only bickerdness and spite work of the State for newspapers. It has a rigid law, passed by the last legislature, to prescribing rules for publishing reading matter about candidates, pretending it to be a protection to the poor man desiring office. The State and the politician will at all times impose upon the newspaper. They want free puffs for themselves and the State institutions without giving even equitable treatment to newspapers.

STANDARD OIL FILES ANSWER

Chicago, Sept. 10.—Counsel for the Standard Oil Company of Indiana in the answer filed today to the petition of the government attorneys for a rehearing of the appeal from Judge Landis' judgment fining the company \$29,240,000 for violating the anti-rebate laws uphold the decision of Judges Grosscup, Baker and Seaman of the United States circuit court of appeals reversing the judgment and lifting the burden of the enormous fine as good law, amply justified by the record in the case. "The real point is," says the answer, "did the trial court in imposing punishment take into consideration the relation between the Standard Oil Company of New Jersey and Standard Oil Company of Indiana, and did it base its fine upon the wealth of the Standard Oil Company of New Jersey and its ability to pay instead of upon the wealth of the Standard Oil Company of Indiana and its ability to pay?"

To determine this question the Standard Oil attorneys assert the few sentences extracted by the government counsel from the words of Judge Landis are not sufficient, and quote at length from Judge Landis' opinion to show he referred to the New Jersey corporation "as the real defendant" and the Indiana company as "a nominal defendant."

In conclusion, the answer asserts the suggestion of the government counsel that a rehearing be granted in order to certify the question to the federal supreme court is not a proper one, because there is no division of opinion among the judges of the reviewing court.

Barber Dies Suddenly.

Mill Creek, Ok., Sept. 11.—Joseph Sewall, son of Mr. and Mrs. W. T. Sewall of this place, died suddenly here Wednesday. Mr. Sewall was a young man of strong physique and a barber. Up to the noon hour of the day he was at his chair, although complaining of a slight pain in his head. Within eight hours after he left his shop he was dead. The cause is attributed by the doctors to a clot on the brain.

Trolley Collision Kills Girl.

Shawnee, Ok., Sept. 11.—Doris, the 6-year-old daughter of Mr. and Mrs. J. M. Singer, was killed and the father severely injured in a trolley accident which occurred here today upon the Shawnee-Tecumseh inter-urban line. The little girl and her father were leaving the car and had reached the rear platform when another car crashed into the vestibule.

WILL NOT CONSOLIDATE.

Oklahoma and Indian Territory Knights Templar to Stay Separate.

Oklahoma City, Ok., Sept. 10.—Amalgamation of the Knights Templar organizations in Oklahoma and Indian Territory, proposed to be made, will be postponed indefinitely and the matter will likely be adjusted at the grand triennial convocation to be held in Chicago in 1910. At a meeting held in Purcell, at which it was proposed to arrange for the amalgamation, a vote was taken on the question of combination, and the proposition lost by a small majority. United States Grand Master Henry W. Rugg, who was present, decided that all proceedings in the matter would be postponed until the time above mentioned.

This is probably the only organization in the new state not consolidated after statehood. The Oklahoma and Indian Territory organizations were maintained separately, but with the advent of statehood, it was natural for them to consolidate. Grand Master Rugg left today for his home in Providence, R. I.

A pleasing, good, high grade, truly flavored, amber colored cup of coffee can be had—and without the real coffee danger, or damage to health—by simply using Dr. Shoop's new substitute, called "Health Coffee." Pure, wholesome, toasted cereals, malt, nuts, etc., make Dr. Shoop's Health Coffee both healthful and satisfying. No 20 to 30 minutes tedious boiling. "Made in a minute," says Dr. Shoop. If served as coffee, it's taste will even trick an expert. Test it and see. S. R. Tobin.

It's a pity when sick ones drug the stomach to stimulate the heart and kidneys. That is all wrong! A weak stomach means weak stomach nerves, always. And is also true of heart and kidneys. The weak nerves are instead crying out for help. This explains why Dr. Shoop's Restorative is promptly helping stomach, heart and kidney ailments. The Restorative reaches out for the actual cause of these ailments—the failing "inside nerves." Anyway test the Restorative 48 hours. It won't cure so soon as that, but you will surely know that help is coming. Sold by G. M. Ramsey.

IN COUNTY COURT.

State of Oklahoma, Pontotoc County. In the matter of the guardianship of George Brown.

Now, on this 25th day of Aug. 1908, comes Geo. A. Harrison as guardian of the estate of the above named ward, having filed herein his petition for the sale of the real estate of said ward for the reasons in said petition stated.

It is ordered, that said petition be and hereby is set for hearing on the 22nd day of Sept. A. D. 1908, at 10 o'clock a. m., at which time the next of kin and all persons interested in the estate of said ward, are required to appear and show cause, if any they have, why an order should not be granted for the sale of so much of the real estate of said ward as is necessary for the reasons in said petition stated, and that personal service hereof be made upon said next of kin and persons interested in the estate of said ward, as required by law. It is further ordered that a copy of this order be published for 3 successive weeks in the Ada Weekly News of Ada, Okla.

How to Get Strong.

P. J. Daly, of 1247 W. Congress St., Chicago, tells of a way to become strong: He says: "My mother, who is old and was very feeble, is deriving so much benefit from Electric Bitters that I feel it's my duty to tell those who need a tonic and strengthening medicine about it. In my mother's case a marked gain in flesh resulted, insomnia has been overcome, and she is steadily growing stronger." Electric Bitters quickly remedy stomach, liver and kidney complaints.

Deafness Cannot Be Cured

by local applications, as they cannot reach the disease portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

Heart Strength

Heart strength, or Heart Weakness, means Nerve strength, or Nerve Weakness—nothing more. Positively, not one nerve in a hundred is, in itself, actually diseased. It is almost always a hidden tiny little nerve that really is all at fault. This obscure nerve—the Cardiac or Heart Nerve—simply needs, and must have, more power, more stability, more controlling, more governing strength. Without that the Heart must continue to fail, and the stomach and kidneys also have these same controlling nerves.

This clearly explains why, as a medicine, Dr. Shoop's Restorative has in the past done so much for weak and ailing hearts. Dr. Shoop first sought the cause of all this painful, palpitating, suffocating heart distress. Dr. Shoop's Restorative—this popular prescription—is alone directed to those weak and ailing nerve centers. It builds; it strengthens; it offers real, genuine heart help. If you would have strong hearts, strong digestion, strengthen these nerves—re-establish them as needed, with

Tonight.

The offering of Ada Airdome and Opera House will be Perce R. Behnton's new comedy success, Three Years In Arkansas, a story of the homely side of life as seen in the hills of Arkansas. The play abounds with a subtle wit and humor peculiar to the natives of those hills in which the scenes of the play are laid, and has a story of more than ordinary heart interest. Every attention has been given to all those minor details which go so far to make or mar a production, neither expense or pains being spared in staging the story, for which special sets have been prepared for every act.

Thursday will be my fifth birthday. Mamma says will you come and play from five o'clock until half past six.

And help to eat the refreshments she will fix.

Will play out doors if the weather is fair, so you need not primp with very great care.

A number of little folks attended and it is needless to say all had a jolly good time. Refreshments were served of ice cream and cake, and many remembrances of the occasion were left Master Will.

NO HARD STRUGGLE.
Many An Ada Citizen Finds the Struggle Hard.

With a back constantly aching. With distressing urinary disorders. Daily existence is but a struggle. No need to keep it up. Doan's Kidney Pills will cure you. Ada people endorse this claim: Mrs. Chas. Barrier, living on West 7th and Cherry Sts., Ada, Ok., says: "For a long time my husband was troubled with severe pains through the small of his back. Occasionally he had such sharp twinges that he could hardly refrain from crying out. Bending and straightening would always intensify his suffering. The kidney secretions were also irregular in action. These symptoms led him to believe that his kidneys were disordered and learning of Doan's Kidney Pills, he procured a box at G. M. Ramsey's drug store. He took them according to directions, and the trouble entirely disappeared. He has had no return of kidney complaint since, and consequently thinks very highly of Doan's Kidney Pills."

MAGEE BECOMES DEMOCRAT

Has Been a Prominent Leader and
is an Able Lawyer.--Sends
Letter to Gov. Haskell.

Guthrie, Ok., Sept. 11.—Carl C. Magee of Tulsa, one of the most prominent business men of the state, president of the State Federation of Commercial and Industrial organizations, who was permanent chairman of the republican state convention, March 11, which elected delegate to their national convention, and instructed for Mr. Taft for president, in a very complete letter to Governor Haskell sets forth his reasons for hereafter affiliating with the democratic party of the state and nation.

"The great parties both state and national having now spoken through their formal platforms, I am prepared to state that, for the reasons herein given, I have decided to sever my connections with the republican party and hereafter affiliate with the democratic party in both state and national politics. I am taking the liberty of addressing you in order to make public my reasons for this step.

Tearing of Heart Strings.
"Having been born and reared a republican and having always associated with that great party you can appreciate the tearing of heart strings accompanying this action. Were any other course possible, consistent with my views of my duty as a citizen, I should not take this step which to me is a plunge into cold water. I see the modest standing which I have in my party and which I have built up by years of consistent service gone at a stroke of my pen; I see many personal and political friends estranged by my action; I see villification and vituperation hurled at me in an assault upon my motive for this act, yet I cannot escape the conclusions of my mind. * * * * *

"Mr. Taft is raising his campaign fund from those with whom he must deal very firmly and toward whom he should have no obligation. I would wish that Mr. Bryan were somewhat more conservative in his utterances at time, but responsibility will make him conservative while, I fear responsibility and friendship will make Mr. Taft too conservative.

"I believe Mr. Bryan is more nearly representative of the composite American mind and will best respond to its wishes.

"For these and other reasons, I

PEACE WITH TAMMANY HALL.

Democratic Headquarters Hears Good News From New York.

Chicago, Sept. 11.—Information has come to the democratic national committee that a temporary truce has been concluded between the leaders of Tammany hall and Senator Patrick H. McCarren of Brooklyn, and until the election both sides will lay aside their differences and go into active campaign for the national and state ticket in New York state.

William J. Connors, democratic state chairman of New York, and Senator McCarren had an hour's conference in New York city yesterday, at which an arrangement was entered into by which the McCarren delegates to the democratic state convention at Rochester will be seated.

Chairman Connors indicated recently while in New York that if Senator McCarren's delegates were elected honestly they would be seated by the convention, and the primary election in Brooklyn on last Tuesday when eighteen out of twenty-three districts elected McCarren leaders is said by leaders here who have kept informed of the New York situation to have resulted in bringing the state chairman and the Brooklyn senator together for a conference. Chairman Mack would not talk of the reported peace pact today, but said:

"The situation in New York state is in every way satisfactory. Every delegate holding a proper certificate of election will be seated at the Rochester convention, and the convention will be harmonious."

Elephant Has a Birthday.

Two hundred pounds of hay, twenty-five buckets of water, one bushel of potatoes, one bushel of oats, twelve loaves of bread, one bushel of turnips and carrots mixed and all the peanuts several small boys carried to set before a king, but the finest dinner Schneider, the prize elephant of the Sells-Floto Shows, has swung to his mouth by the

Was Out of Harmony.

"Last year I was out of harmony with my party in the state on the negro question, being a believer in separate coaches and schools; I was out of harmony with their ridiculously weak and incompetent handling of the statehood question. I was for statehood and the constitution although I did not approve that instrument in toto. * * * * *

Why He Is a Democrat.

"I will recite the reasons why I am now a democrat. "I believe in separate coaches and separate schools and favor maintaining the present law. "I favor the state guarantee of deposits law. "I favor the sale of public school lands.

"I am and always have been in favor of a prohibitory law. The republican party in Oklahoma is at heart against it. I stand for God and home and right.

"The constitution is now our constitution and I believe in a sympathetic effort to apply it, and if found impracticable in any way, I believe in its amendment by its friends instead of its destruction by its enemies."

The Governor's Reply.

In reply, Gov. Haskell says: "I have your of the 10th inst., and I beg to assure you that I am indeed grateful to you for the kind personal expression, and approval of my official work.

"I am indeed glad to see such men as yourself espouse the cause of democracy. I have tried my best to discharge my official duties to the best interests of the entire people of the state of Oklahoma, believing that justice to all and special privileges to none is the only true governmental policy.

"We need great business concerns in the commerce and industry of our country, and there is no reason why there should be war, or even jealousy, between the toiling masses on the one hand and the great business interests on the other, provided only, that all elements of society and business are content with honest opportunity and equal and exact justice."

grand trunk line for many moons. All because last Monday was Schneider's twentieth birthday, and the way he enjoyed his big feed was a treat for the showmen.

The menu was much to his liking and he had on his best bib and tucker, having been cleaned nicely for his birthday party. As a side dish between the entree of oats and piece de resistance of carrots, the boys in the crowd were allowed to throw peanuts, a thing long under strict taboo, to the feasting animals, and with the first nut came a loud trumpet of joy for a food once well known but almost forgotten.

The entire herd of performing elephants are on exhibition twice daily with the great shows, and the date here is Sept. 23.

Pleasant Evening.

The ladies of the Methodist church served ice cream and cake on the Haynes' lawn Friday evening for the benefit of the parsonage fund. The attendance was large and all seemed to have spent a pleasant evening. They were entertained with the violin by Mrs. Spell; piano and vocal, Miss Lucas; readings, Miss McGee, and by the quartet composed of the following good looking gentlemen: L. T. Walters, F. E. Boman, Joe Guest and W. E. Hardin.

The Moores Return.

Mr. and Mrs. W. E. Moore, Violet, Ina and Grandma Rorland returned Friday evening from a few weeks' vacation in the mountains of Wyoming. They report a most excellent time. It is good to hear Jack tell his fish stories, one of which is, "I caught twenty mountain trout in one hour and a half." Another, "They would actually jump two feet out of the water to catch your fly." Their many friends are glad to see them again at home.

THE ELIMINATION OF HIPS.

"Art Triumphant Over Nature" In the Dressmakers' Trade.

New York, Sept. 11.—"Art Triumphant Over Nature" was the theme at the national dressmakers' convention last night. The principal discourse was delivered by Miss Elizabeth A. C. White. When the lecture began the speaker herself was the only living model visible to the audience.

"I will show you the effect first," she announced as she glided across the stage with a languid, undulating motion that displayed to best advantage every line and fold and curve of the lace and spangled confection which she described as a princess frock with a directoire movement, "and then I will bring on some young ladies who will demonstrate to you the cause.

"In the first place," here Miss White's soft Southern accent assumed a severer tone, "if you want to look smart you must get rid of your hips. Mind, I didn't say reduce them. I said do away with them entirely."

"But, how," began a short waisted woman in the third row, "can one who—"

"Have I any hips?" demanded the lecturer with withering scorn. "As I told you before, you see in me the effect of proper corseting. 'Lillian,' turning to an auburn-tressed young woman in a severe black frock, "tell the young ladies to come in."

And then the 500 delegates lifted up their voices in a giggle. But they weren't laughing at Miss White. Oh, no, indeed they were moved to mirth by the sudden entrance of a generously built damsel for whose architecture nature alone was responsible. The Rue de la Paix had not had a thing to do with the designing or the modeling.

Did she have hips? Well, just to show that she did, Lillian produced a tape measure and then after a moment of solemn silence Lillian murmured "fifty eight."

"Fifty-eight," repeated Miss White. "Fifty-eight," echoed the delegates in various parts of the room.

"Now," said Miss White, "bring me model 239."

A girl in a pale blue frock obeyed her at once. The plump damsel sighed. Miss White frowned.

"I should think," she said, "that you would be the happiest girl in the world. I am sure that I would be, if I were going to be transformed from a dowdy to a woman of fashion. Now, Lillian and Eliza, hurry and get her into it."

Lillian fastened some hooks, Eliza pulled some pink strings, and the plump one groaned.

"There," said Miss White at length, with a triumphant gesture in the direction of the plump one.

"Where," asked Miss White, sarcastically, "are her hips?"

There was no reply.

Then Miss White took the tape measure and measured the plump one.

"Would you believe it? Forty-eight and seven eighths and not a bit more," she announced. And the hall shook with applause.

Wall of Fire

Duluth, Minn., Sept. 11.—Unless a heavy rain falls in the next 48 hours the total destruction of every town on the north shore of Lake Superior in Cook county, is almost certain. No rain has fallen in this district since July 10, and everything in the woods is as dry as parchment. This evening the walls of fire with a heavy land wind behind them, are eating their way toward the settlements.

Wild-eyed and shaking with fear, the inhabitants are gathered along the shore prepared to take to the lake in small craft should the worst come. Prayers are being offered by many for rain.

Within less than two miles of Grand Marais there is in flames a tract of spruce and brush over three miles in length. A strong land breeze from the northwest is at present shooting the fire along the outskirts of the town, giving the village a lease of life.

Conditions at Pigeon River Indian reservation, Big Bay, Chicago Bay, Cascade, Cotton and Nutsen are similar to those existing at Grand Marais.

MORTGAGES ARE MADE GOOD

Guthrie, Ok., Sept. 11.—In reversing the decision of the United States district court for the Northern district of Indian Territory in the case of C. M. Keys vs the First National bank of Claremore and the Vinita National bank vs the First National bank of Claremore the supreme court settled the validity of hundreds of chattel mortgages on the east side of the state.

The mortgage in question in those suits was on a bunch of cattle near Pryor Creek, and was filed at Muskogee when that town was the only recording place in the Northern district of Indian Territory. Later the old Northern district was divided into the Northern and Western districts, and Vinita was made the recording town for the new Northern district. Still later, the recording districts were established and Pryor Creek was made a recording town.

The question at issue was whether the mortgage had to be re-recorded at the proper place after both of these changes in the law. The lower court decided that it did, but is reversed by the supreme court in an opinion by Justice Kane.

JUDGE ROWE DROPPED DEAD

El Reno, Ok., Sept. 11.—Judge J. G. Lowe of El Reno dropped dead while engaged in Masonic work last night at Piedmont. Lowe was a native of Rush county, Indiana, and was born in 1846. He was for many years a resident of Washington, Kan., was a delegate to the National convention which nominated Tilden for president and a delegate at large to the convention nominating Cleveland in 1888. He was twice the nominee of Kansas democrats for congress.

The funeral, which will take place Sunday afternoon, will be attended by State officials and the judges of several districts of the State.

RICH NEGRO MURDERED.

Shot From Ambush While Riding Horseback.

Wildcat, Ok., Sept. 11.—Andy Dean, aged 55, one of the wealthiest negro farmers in this vicinity, was shot from his horse and killed from ambush, in the Moore creek bottoms a mile and a half from there last night, while returning home from Okmulgee.

Dean had been to Okmulgee yesterday on business and was returning home on horseback along the lonely road leading through the bottoms along Moore creek, when shot down by some unknown assassin, concealed in the brush by the roadside.

So far as known, Dean had had no differences with anyone and the cause of the murder is a profound mystery. The body of the murdered man was discovered this morning lying in the dust, a bullet hole through his body.

Dean was married and had six

children. He was one of the most successful farmers in Okmulgee county and owned two or three finely improved farms.

The sheriff's office at Okmulgee was notified this morning and a posse is now scouring the country near the scene of the crime, in an effort to pick up some clue.

The sheriff's office at Muskogee was also notified and bloodhounds are now on the way in an effort to trail the assassin or assassins.

NEGRO BURNED TO DEATH.

Set the Jail on Fire and Could Not Be Rescued.

Little Rock, Sept. 11.—A special to the Gazette last night from Dumas, Ark., says:

Attempting to break jail by starting a fire which soon spread beyond his control, a negro named Russell was this morning burned to death, besides causing the jail to be destroyed by fire. Upon hearing the prisoner's frantic cries for help at about 1:30 o'clock this morning citizens residing in the vicinity of the jail rushed to the scene, but were unable to release the prisoner.

OWEN SANGUINE OF SUCCESS

Washington, Sept. 11.—Senator Robert Lee Owen of Oklahoma, who is here because of the serious illness of his mother, is not uneasy over the result of the election in Oklahoma.

"The State will give Mr. Bryan a safe majority," he said. "He is the most popular man in America in our Commonwealth. I think his chances of election are good; much better than they have been. I have visited Nebraska recently, and made it a point to investigate carefully the political sentiment there. I found that a great many republicans would vote for Mr. Bryan. When told by some democrat that he knew of republicans who intended to vote the democratic ticket, I invariably asked the names of these men, in order to make sure that my democratic friend was not overenthusiastic, and invariably he gave the names."

"I believe Mr. Bryan has a good chance to carry not only Nebraska, but Indiana, Massachusetts and West Virginia. The platform is popular throughout the Middle West. The provision guaranteeing bank deposits has worked well in Oklahoma, and has resulted in many national banks withdrawing as national organizations and enrolling under the State banking act."

A large number of counties in Oklahoma are holding county fairs this fall displaying their fine stock, farm products, minerals, etc. If the county can't have a fair of its own it should at least be represented at the fair for no other county in the state makes a better show of its various products and services. The cost would be small indeed compared to the benefit to be derived from such a display.—Stonewall News.

It is too late to get up a successful county fair this year, but still time to be represented at the state fair at Oklahoma City. This important matter ought to be attended to at once, and it will give Pontotoc county a great deal of valuable advertising at a nominal cost.

The great State of Oklahoma should hide its face in shame every time it asks the papers of the State for free space to boom its institutions, and especially the schools of the State. For everything else it makes

good and sufficient appropriations and then dead-bents the papers of the State out of space to advertise the State and district schools. The newspaper publishers are just as much entitled to pay for their space as the teachers for their time.—Ravina Herald.

This is not the only piggishness and spite work of the State for newspapers. It has a rigid law, passed by the last legislature, to prescribing rules for publishing reading matter about candidates pretending it to be a protection to the poor man desiring office. The State and the politician will at all times impose upon the newspaper. They want free puffs for themselves and the State institutions without giving even equitable treatment to newspapers.

PRESS COMMENT.

Lefollette men defeated Cannon men in the Wisconsin primaries—another straw showing that Taft will have rough sledding.—Vinita Leader.

Beautify your own property all you can, then do all you can to beautify your streets. Be friendly with everybody and courteous to strangers. Your own civility will help make good impressions and will be carried away and cherished.—Ravina Herald

And now there is a call for a State meeting of those who want the school lands sold. Watch Mr. Politician get busy and show up at the meeting.—Wilburton News.

We desire to buy a few hundred acres of land in tracts of not less than 80 acres.

STANDARD OIL FILES ANSWER

Chicago, Sept. 10.—Counsel for the Standard Oil Company of Indiana in the answer filed today to the petition of the government attorneys for a rehearing of the appeal from Judge Landis' judgment fining the company \$29,240,000 for violating the anti-trust laws uphold the decision of Judge Grosbeck, Baker and Seaman of the United States circuit court of appeals reversing the judgment and lifting the burden of the enormous fine as good law, amply justified by the record in the case. "The real point is," says the answer, "did the trial court in imposing punishment take into consideration the relation between the Standard Oil Company of New Jersey and Standard Oil Company of Indiana, and did it base its fine upon the wealth of the Standard Oil Company of New Jersey and its ability to pay instead of upon the wealth of the Standard Oil Company of Indiana and its ability to pay?"

To determine this question the Standard Oil attorneys assert the few sentences extracted by the government counsel from the words of Judge Landis are not sufficient, and quote at length from Judge Landis' opinion to show he referred to the New Jersey corporation "as the real defendant" and the Indiana company as "a nominal defendant."

In conclusion, the answer asserts the suggestion of the government counsel that a rehearing be granted in order to certify the question to the federal supreme court is not a proper one, because there is no division of opinion among the judges of the reviewing court.

Barber Dies Suddenly.

Mill Creek, Ok., Sept. 11.—Joseph Sewall, son of Mr. and Mrs. W. T. Sewall of this place, died suddenly here Wednesday. Mr. Sewall was a young man of strong physique and a barber. Up to the noon hour of the day he was at his chair, although complaining of a slight pain in his head. Within eight hours after he left his shop he was dead. The cause is attributed by the doctors to a clot on the brain.

Trolley Collision Kills Girl.

Shawnee, Ok., Sept. 11.—Doris, the 6-year-old daughter of Mr. and Mrs. J. M. Singer, was killed and the father severely injured in a trolley accident which occurred here today upon the Shawnee-Tucumseh interurban line. The little girl and her father were leaving the car and had reached the rear platform when another car crashed into the vestibule.

WILL NOT CONSOLIDATE.

Oklahoma and Indian Territory Knights Templar to Stay Separate.

Oklahoma City, Ok., Sept. 10.—Amalgamation of the Knights Templar organizations in Oklahoma and Indian Territory, proposed to be made, will be postponed indefinitely and the matter will likely be adjusted at the grand triennial convocation to be held in Chicago in 1910. At a meeting held in Purcell, at which it was proposed to arrange for the amalgamation, a vote was taken on the question of combination, and the proposition lost by a small majority. United States Grand Master Henry W. Rugg, who was present, decided that all proceedings in the matter would be postponed until the time above mentioned.

This is probably the only organization in the new state not consolidated after statehood. The Oklahoma and Indian Territory organizations were maintained separately, but with the advent of statehood, it was natural for them to consolidate. Grand Master Rugg left today for his home in Providence, R. I.

A pleasing, good, high grade, truly flavored, amber colored cup of coffee can be had—and without the real coffee danger, or damage to health—by simply using Dr. Shoop's new substitute, called "Health Coffee." Pure, wholesome, toasted cereals, malt, nuts, etc., make Dr. Shoop's Health Coffee both healthful and satisfying. No 20 to 30 minutes tedious boiling. "Made in a minute," says Dr. Shoop. If served as coffee, its taste will even trick an expert. Test it and see. S. R. Tobin.

It's a pity when sick ones drug the stomachs of stimulate the heart and kidneys. That is all wrong! A weak stomach means weak stomach nerves, always. And is also true of heart and kidneys. The weak nerves are instead crying out for help. This explains why Dr. Shoop's Restorative is promptly helping stomach, heart and kidney ailments. The Restorative reaches out for the actual cause of these ailments—the failing "inside nerves." Anyway test the Restorative 48 hours. It won't cure so soon as that, but you will surely know that help is coming. Sold by G. M. Ramsey.

It is ordered, that said petition be and hereby is set for hearing on the 22nd day of Sept. A. D. 1908, at 10 o'clock a. m., at which time the next of kin and all persons interested in the estate of said ward, are required to appear and show cause, if any they have, why an order should not be granted for the sale of so much of the real estate of said ward as is necessary for the reasons in said petition stated, and that personal service hereof be made upon said next of kin and persons interested in the estate of said ward, as required by law. It is further ordered that a copy of this order be published for 3 successive weeks in the Ada Weekly News of Ada, Okla.

How to Get Strong.

P. J. Daly, of 1247 W. Congress St., Chicago, tells of a way to become strong: He says: "My mother, who is old and was very feeble, is deriving so much benefit from Electric Bitters, that I feel it's my duty to tell those who need a tonic and strengthening medicine about it. In my mother's case a marked gain in flesh resulted, insomnia has been overcome, and she is steadily growing stronger." Electric Bitters quickly remedy stomach, liver and kidney complaints.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

Every attention has been given to all those minor details which go so far to make or mar a production, neither expense or pains being spared in staging the story, for which special sets have been prepared for every act.

The great parties both state and national having now spoken through their formal platforms I am prepared to state that for the reasons herein given, I have decided to sever my connections with the republican party and hereafter affiliate with the democratic party in both state and national politics I am taking the liberty of addressing you in order to make public my reasons for this step

Tearing of Heart Strings.

Having been born and reared a republican and having always associated with that great party you can appreciate the tearing of heart strings accompanying this action Were my other course possible consistent with my views of my duty as a citizen I should not take this step which to me is a plunge into cold water I see the modest standing which I have in my party and which I have built up by years of consistent service and a stroke of my pen I see many personal and political friends estranged by my action I see vilification and vituperation heaped at me in an assault upon my motive for this act yet I cannot escape the conclusions of my mind

Mr Tut is raising his campaign fund from those with whom he must deal very firmly and toward whom he should have no obligation I would wish that Mr Bryan were somewhat more conservative in his utterances at times but responsibility will make him conservative while I fear responsibility and friendship will make Mr Tut too conservative

I believe Mr Bryan is more nearly representative of the composite American mind and will best respond to its wishes

For these and other reasons I

PEACE WITH TAMMANY HALL.

Democratic Headquarters Heurs Good News From New York.

Chicago Sept 11--Information has come to the democratic national committee that a temporary truce has been concluded between the leaders of Tammany hall and Senator Pitt-Rick H McCarran of Brooklyn and until the election both sides will lay aside their differences and go into active campaign for the national and state ticket in New York state

William J Connors democratic state chairman of New York and Senator McCarran had an hour's conference in New York City yesterday at which an arrangement was entered into by which the McCarran delegates to the democratic state convention at Rochester will be seated

Chairman Connors indicated recent ly while in New York that if Senator McCarran's delegates were elected honestly they would be seated by the convention and the primary election in Brooklyn on last Tuesday when eighteen out of twenty three districts elected McCarran leaders is said by leaders here who have kept informed of the New York situation to have resulted in bringing the state chairman and the Brooklyn senator together for a conference Chairman Mack would not talk of the reported peace pact today but said

"The situation in New York state is in every way satisfactory Every delegate holding a proper certificate of election will be seated at the Rochester convention and the convention will be harmonious

THE ELIMINATION OF HIPPS.

"Art Triumphant Over Nature" In the Dressmakers' Trade.

New York Sept 11--"Art Triumphant Over Nature" was the theme at the national dressmakers' convention last night The principal discourse was delivered by Miss Elizabeth A C White When the lecture began the speaker herself was the only living model visible to the audience

I will show you the effect first" she announced as she glided across the stage with a languid, undulating motion that displayed to best advantage every line and fold and curve of the lace and spangled confection which she described as a princess frock with a diaphanous movement, and then I will bring on some young ladies who will demonstrate to you the cause

In the first place' here Miss Whites soft Southern accent assumed a severer tone if you want to look smart you must get rid of your hips Mind I didnt say reduce them I said do away with them entirely

But how began a short waisted woman in the third row 'em one who--

Have I any hips' demanded the lecturer with withering scorn As I told you before you see in me the effect of proper corseting Lillian turned to an anbum-dressed young woman in a severe black frock tell the young ladies to come in

And then the 500 delegates lifted up their voices in a girgle But they went laughing at Miss White Oh no indeed they were moved to mirth by the sudden entrance of a generously built damsel for whose arch lecture nature alone was responsible The Rue de la Paix had not had a thing to do with the designing of the modeling

Did she have hips? Well just to show that she did Lillian produced a tape measure and then after a moment of solemn silence Lillian murmured fifty eight

Fifty eight repeated Miss White Fifty eight echoed the delegates in various parts of the room

Now said Miss White bring me model 2

A girl in a pale blue frock obeyed her call The plump damsel sighed Miss White frowned

I should think she said that you would be the happiest girl in the world I am sure that I would be if I were going to be transformed from a dowdy to a woman of fashion Now Lillian and Eliza hurry and get her into it

Lillian fastened some hooks Eliza pulled some punk strings and the plump one groaned

There said Miss White at length with a triumphant gesture in the direction of the plump one

Where asked Miss White sarcastically are her hips?

There was no reply

Then Miss White took the tape measure and measured the plump one

Would you believe it? Forty-eight and seven eighths and not a bit more she announced And the hall shook with applause

Wall of Fire

Duluth, Minn., Sept. 11.—Unless a
heavy rain falls in the next 48 hours
the total destruction of every town
on the north shore of Lake Superior
in Cook county, is almost certain.
No rain has fallen in this dis-
trict since July 10, and everything
in the woods is as dry as parch-
ment. This evening the walls of fire
with a heavy land wind behind them,
are eating their way toward the set-
tlements.

Wild-eyed and shaking with fear,
the inhabitants are gathered along
the shore prepared to take to the
lake in small craft should the worst
come. Prayers are being offered by
many for rain.

Within less than two miles of
Grand Marais there is in flames a
tract of spruce and brush over three
miles in length. A strong land breeze
from the northwest is at present
shooting the fire along the outskirts
of the town, giving the village a
leash of life.

Conditions at Pigeon River Indian
reservation, Big Bay, Chicago Bay,
Cascade, Coffon and Nuron are sim-
ilar to those existing at Grand Marais.

MORTGAGES ARE MADE GOOD

Guthrie, Ok., Sept. 11.—In rever-
sing the decision of the United States
district court for the Northern dis-
trict of Indian Territory in the case
of C. M. Keys vs. the First National
bank of Claremore and the Vinita
National bank vs. the First National
bank of Claremore the supreme court
settled the validity of hundreds of
chattel mortgages on the east side
of the state.

The mortgage in question in those
suits was on a bunch of cattle near
Pryor Creek, and was filed at Musko-
gee when that town was the only re-
cording place in the Northern dis-
trict of Indian Territory. Later the
old Northern district was divided into
the Northern and Western districts,
and Vinita was made the recording
town for the new Northern district.
Still later, the recording districts
were established and Pryor Creek
was made a recording town.

The question at issue was whether
the mortgage had to be re-recorded
at the proper place after both of
these changes in the law. The lower
court decided that it did, but is re-
versed by the supreme court in an
opinion by Justice Kane.

JUDGE ROWE DROPPED DEAD

El Reno, Ok., Sept. 11.—Judge J.
G. Lowe of El Reno dropped dead
while engaged in Masonic work last
night at Piedmont. Lowe was a na-
tive of Rush county, Indiana, and
was born in 1846. He was for many
years a resident of Washington, Kan.,
was a delegate to the National con-
vention which nominated Tilden for
president and a delegate at large to
the convention nominating Cleveland
in 1888. He was twice the nominee
of Kansas democrats for congress.

The funeral, which will take place
Sunday afternoon, will be attended
by State officials and the judges
of several districts of the State.

RICH NEGRO MURDERED.

Shot From Ambush While Riding
Horseback.

Wildcat, Ok., Sept. 11.—Andy Dean,
aged 55, one of the wealthiest negro
farmers in this vicinity, was shot
from his horse and killed from am-
bush, in the Moore creek bottoms,
a mile and a half from there last
night, while returning home from
Okmulgee.

Dean had been to Okmulgee yes-
terday on business and was return-
ing home on horseback along the
lonely road leading through the bot-
toms along Moore creek, when shot
down by some unknown assassin, con-
cealed in the brush by the roadside.

So far as known, Dean had had
no differences with anyone and the
cause of the murder is a profound
mystery. The body of the murdered
man was discovered this morning ly-
ing in the dust, a bullet hole through
his body.
Dean was married and had six

children. He was one of the most
successful farmers in Okmulgee coun-
ty and owned two or three finely
improved farms.

The sheriff's office at Okmulgee was
notified this morning and a posse is
now scouring the country near the
scene of the crime, in an effort to
pick up some clue.

The sheriff's office at Muskogee was
also notified and bloodhounds are
now on the way in an effort to trail
the assassin or assassins.

NEGRO BURNED TO DEATH.

Set the Jail on Fire and Could Not
Be Rescued.

Little Rock, Sept. 11.—A special
to the Gazette last night from Du-
mas, Ark., says:

Attempting to break jail by start-
ing a fire which soon spread beyond
his control, a negro named Russell
was this morning burned to death,
besides causing the jail to be de-
stroyed by fire. Upon hearing the
prisoner's frantic cries for help at
about 1:30 o'clock this morning citi-
zens residing in the vicinity of the
jail rushed to the scene, but were
unable to release the prisoner.

OWEN SANGUINE OF SUCCESS

Washington, Sept. 11.—Senator
Robert Lee Owen of Oklahoma, who
is here because of the serious ill-
ness of his mother, is not uneasy
over the result of the election in
Oklahoma.

"The State will give Mr. Bryan a
safe majority," he said. "He is the
most popular man in America in our
Commonwealth. I think his chances
of election are good; much better
than they have been. I have visited
Nebraska recently, and made it a
point to investigate carefully the po-
litical sentiment there. I found that
a great many republicans would
vote for Mr. Bryan. When told by
some democrat that he knew of re-
publicans who intended to vote the
democratic ticket, I invariably asked
the names of these men, in order
to make sure that my democratic
friend was not overenthusiastic, and
invariably he gave the names.

"I believe Mr. Bryan has a good
chance to carry not only Nebraska,
but Indiana, Massachusetts and West
Virginia. The platform is popular
throughout the Middle West. The pro-
vision guaranteeing bank deposits
has worked well in Oklahoma, and
has resulted in many national banks
withdrawing as national organizations
and enrolling under the State bank-
ing act."

A large number of counties in Oklahoma are holding county fairs this fall, displaying their fine stock, farm products, minerals, etc. If the county can't have a fair of its own, it should at least be represented at the fair for no other county in the state. It is a better show for various products and services. The cost would be small indeed compared to the benefit to be derived from such a display.—Stonewall News.

It is too late to get up a successful county fair this year, but still time to be represented at the state fair at Oklahoma City. This important matter ought to be attended to at once, and it will give Pontotoc county a great deal of valuable advertising at a nominal cost.

The great State of Oklahoma should hide its face in shame every time it asks the papers of the State for free space to boom its institutions, and especially the schools of the State. For everything else it makes

good and sufficient appropriations and then dead-beats the papers of the State out of space to advertise the State and district schools. The newspaper publishers are just as much entitled to pay for their space as the teachers for their time.—Ravina Herald.

This is not the only bickeredness and spite work of the State for newspapers. It has a rigid law, passed by the last legislature, to prescribing rules for publishing reading matter about candidates pre-tending it to be a protection to the poor man desiring office. The State and the politician will at all times impose upon the newspaper. They want free puffs for themselves and the State institutions without giving even equitable treatment to newspapers.

STANDARD OIL FILES ANSWER

Chicago, Sept. 10.—Counsel for the Standard Oil Company of Indiana in the answer filed today to the petition of the government attorneys for a rehearing of the appeal from Judge Landis' judgment finding the company \$29,210,000 for violating the anti-trust laws uphold the decision of Judges Grosvenor, Baker and Seaman of the United States circuit court of appeals reversing the judgment and lifting the burden of the enormous fine as good law, amply justified by the record in the case.

"The real point is," says the answer, "did the trial court in imposing punishment take into consideration the relation between the Standard Oil Company of New Jersey and Standard Oil Company of Indiana, and did it base its fine upon the wealth of the Standard Oil Company of New Jersey and its ability to pay instead of upon the wealth of the Standard Oil Company of Indiana and its ability to pay?"

To determine this question the Standard Oil attorneys assert the few sentences extracted by the government counsel from the words of Judge Landis are not sufficient, and quote at length from Judge Landis' opinion to show he referred to the New Jersey corporation "as the real defendant" and the Indiana company as "a nominal defendant."

In conclusion, the answer asserts the suggestion of the government counsel that a rehearing be granted in order to certify the question to the federal supreme court is not a proper one, because there is no division of opinion among the judges of the reviewing court.

The cause is attributed by the doctors to a clot on the brain.

WILL NOT CONSOLIDATE.

Oklahoma and Indian Territory Knights Templar to Stay Separate.

Oklahoma City, Ok., Sept. 10.—Amalgamation of the Knights Templar organizations in Oklahoma and Indian Territory, proposed to be made, will be postponed indefinitely and the matter will likely be adjusted at the grand triennial convocation to be held in Chicago in 1910. At a meeting held in Purcell, at which it was proposed to arrange for the amalgamation, a vote was taken on the question of consolidation, and the proposition lost by a small majority. United States Grand Master Henry W. Rugg, who was present, decided that all proceedings in the matter would be postponed until the time above mentioned.

This is probably the only organization in the new state not consolidated after statehood. The Oklahoma and Indian Territory organizations were maintained separately, but with the advent of statehood, it was natural for them to consolidate. Grand Master Rugg left today for his home in Providence, R. I.

How to Get Strong.

P. J. Daly, of 1247 W. Congress St., Chicago, tells of a way to become strong: He says: "My mother, who is old and was very feeble, is deriving so much benefit from Electric Bitters, that I feel it's my duty to tell those who need a tonic and strengthening medicine about it. In my mother's case a marked gain in flesh resulted, insomnia has been over come, and she is steadily growing stronger." Electric Bitters quickly remedy stomach, liver and kidney complaints.

Deafness Cannot Be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

Heart Strength

Heart strength, or Heart Weakness, means Nerve strength, or Nerve Weakness—nothing more. For a healthy, but one weak heart in a hundred it is, in fact, actually diseased. It is almost always hidden tiny little nerve that really is all at fault. This obscure nerve—the Cardiac or Heart Nerve—simply needs, and must have, more nerve, more stability, more controlling power, more governing strength. Without that the heart must continue to fail, and the stomach and kidneys also have the same controlling power.

This clearly explains why, as a medicine, Dr. Shoop's Restorative has in the past done so much for weak and ailing hearts. Dr. Shoop first sought the cause of all this painful, palpitating, suffocating heart distress. Dr. Shoop's Restorative—this popular prescription—is alone directed to the weak and ailing nerve centers. It builds up strength; it cures real, genuine heart help. If you would have strong hearts, strong stomachs, strong nerves—re-establish them as needed, with

Every attention has been given to all those minor details which go so far to make or mar a production, neither expense or pains being spared in staging the story, for which special sets have been prepared for every act.

Mrs. Chas. Barrier, living on West 7th and Cherry Sts., Ada, Ok., says: "For a long time my husband was troubled with severe pains through the small of his back. Occasionally he had such sharp twinges that he could hardly refrain from crying out. Bending and straightening would always intensify his suffering. The kidney secretions were also irregular in action. These symptoms led him to believe that his kidneys were disordered and learning of Doan's Kidney Pills, he procured a box at G. M. MAGEE BECOMES DEMOCRAT

Has Been a Prominent Leader and
is an Able Lawyer.--Sends
Letter to Gov. Haskell.

Guthrie Ok Sept 11.—Carl C McGee of Tulsa one of the most prominent business men of the state president of the State Federation of Commercial and Industrial Organizations who was permanent chairman of the republican state convention March 11, which elected delegate to their national convention and instructed for Mr Taft for president in a very complete letter to Governor Haskell sets forth his reasons for hereafter affiliating with the democratic party of the state and nation

The great parties both state and national having now spoken through their formal platforms I am prepared to state that for the reasons herein given, I have decided to sever my connections with the republican party and hereafter affiliate with the democratic party in both state and national politics I am taking the liberty of addressing you in order to make public my reasons for this step

Tearing of Heart Strings.

Having been born and reared a republican and having always associated with that great party you can appreciate the tearing of heart strings accompanying this action Were my other course possible consistent with my views of my duty as a citizen I should not take this step which to me is a plunge into cold water I see the most standing which I have in my party and which I have built up by years of consistent service none at a stroke or my pen I see my personal and political friends estranged by my action I see vilification and vituperation hurled at me in an assault upon my motive for this act yet I cannot escape the conclusions of my mind

Mr Taft is raising his campaign fund from those with whom he must deal very humbly and toward whom he should have no obligation I would wish that Mr Bryan were somewhat more conservative in his utterances at times but responsibility will make him conservative while I fear responsibility and friendship will make Mr Taft too conservative

I believe Mr Bryan is more nearly representative of the composite American mind and will best respond to its wishes

For these and other reasons I

shall support Mr Bryan

Was Out of Harmony.

Last year I was out of harmony with my party in the state on the negro question, being a believer in separate coaches and schools I was out of harmony with their ridiculously weak and incompetent handling of the statehood question I was for statehood and the constitution although I did not approve that instrument in toto

Why He Is a Democrat.

I will recite the reasons why I am now a democrat

I believe in separate coaches and separate schools and favor maintaining the present law

I favor the state guarantee of deposits law

I favor the sale of public school lands

I am and always have been in favor of a prohibitory law the republican party in Oklahoma is at heart against it I stand for God and home and right

The constitution is now our constitution and I believe in a sympathetic effort to apply it and if found impracticable in any way I believe in its amendment by its friends instead of its destruction by its enemies

The Governor's Reply.

In reply Gov Haskell says I have your letter of the 10th inst and I beg to assure you that I am indeed grateful to you for the kind personal expression and approval of my official work

I am indeed glad to see such men as yourself espouse the cause of democracy I have tried my best to discharge my official duties to the best interests of the entire people of the state of Oklahoma believing that justice to all and special privileges to none is the only true governmental policy

We need great business concerns in the commercial and industrial country and there is no reason why there should be any even jealousy between the toiling masses on the one hand and the great business interests on the other provided only that all elements of society and business are content with honest opportunity and equal and exact justice

THE ELIMINATION OF HIPPS. "Art Triumphant Over Nature" In the Dressmakers' Trade.

New York Sept 11.—'Art Triumphant Over Nature' was the theme at the national dressmakers' convention last night The principal discourse was delivered by Miss Elizabeth A C White When the lecture began the speaker herself was the only living model visible to the audience

I will show you the effect first" she announced as she glided across the stage with a languid, undulating motion that displayed to best advantage every line and fold and curve of the lace and spangled confection which she described as a princess frock with a diction movement, and then I will bring on some young ladies who will demonstrate to you the cause

In the first place here Miss White's soft Southern accent assumed a severe tone if you want to look smart you must get rid of your hips Mind I didn't say reduce them I said do away with them entirely

But how began a short waisted woman in the third row 'in one who

Have I any hips? demanded the lecturer with withering scorn As I told you before you see in me the effect of proper corseting Lillian turning to an autumn-dressed young woman in a severe black frock tell the young ladies to come in

And then the 500 delegates lifted up their voices in a giggle But they went laughing at Miss White Oh no indeed they were moved to mirth by the sudden entrance of a genteelly built damsel for whose architectural nature alone was responsible the Rue de la Paix had not had a thing to do with the designing of the modeling

Did she have hips? Well just to show that she did Lillian produced a tape measure and then after a moment or so in silence Lillian measured fifty eight

Fifty eight repeated Miss White Fifty eight echoed the delegates in various parts of the room

Now said Miss White bring me model 2

A girl in a pale blue frock obeyed her at once The plump damsel sighed Miss White frowned

I should think she said that you would be the happiest girl in the world I am sure that I would be if I were going to be transformed from a dowdy to a woman of fashion Now Lillian and Phyllis hurry and get her into it

Lillian fastened some hooks Liza pulled some pink strings and the plump one groaned

There said Miss White at length with a triumphant gesture in the direction of the plump one

Where asked Miss White sarcastically are her hips?

There was no reply

Then Miss White took the tape measure and measured the plump one

Would you believe it? Forty-eight and seven eighths and not a bit more She announced And the hall shook with applause

How's This.

PEACE WITH FARMWAY HALL.

Democratic Headquarters Hears Good News From New York.

Chicago Sept 11.—Information has come to the democratic national committee that a temporary truce has been concluded between the leaders of Farmway Hall and Senator Patrick H. McCarron of Brooklyn and until the election both sides will leave their differences and go into active campaign for the national and state ticket in New York state

William J. Connors democratic state chairman of New York and Senator McCarron had an hour's conference in New York city yesterday at which an arrangement was entered into by which the McCarron delegates to the democratic state convention at Rochester will be seated

Chairman Connors indicated recently while in New York that it Senator McCarron's delegates were elected honestly they would be seated by the convention and the primary election in Brooklyn on last Tuesday when eighteen out of twenty three districts elected McCarron leaders is said by leaders here who have kept informed of the New York situation to have resulted in bringing the state chairman and the Brooklyn senator together for a conference Chairman Mack would not talk of the reported peace pact today but said

"The situation in New York state is in every way satisfactory Every delegate holding a proper certificate of election will be seated at the Rochester convention and the convention will be harmonious

The menu was much to his liking and he had on his best bib and tucker having been cleaned nicely for his birthday party As a side dish between the entrance of oats and more de resistance of carrots the boys in the crowd were allowed to throw peanuts a thing long under strict taboo to the feeding animals and with the first nut came a loud trumpet or joy for a food once well known but almost forgotten

The entire herd of performing elephants are on exhibition twice daily with the great shows and the date here is Sept 11
